# **Our Corporate Tax Services**

As TRUMP FINANS and CONSULTING Joint Stock Company’s Tax Department, our goal is to provide high-quality services tailored to your needs and priorities in the areas of tax consulting, tax auditing, and certification services. To achieve this, we transform our expertise and experience into added value for you through diverse approaches.

#### Our Corporate Tax Services

Corporate tax is a critical aspect of a business’s financial obligations. Our firm provides a comprehensive range of services, from corporate tax return preparation to tax planning, ensuring that your company’s tax liabilities are managed efficiently and effectively.

#### Corporate Tax Planning and Strategy Development

We adopt a strategic approach to minimize your tax obligations, offering solutions that provide tax savings. We conduct industry-specific tax analyses for your business and develop cost-effective strategies tailored to your needs.

#### Corporate Tax Return Preparation and Filing

We prepare your corporate tax returns in compliance with legal requirements and stay updated on the latest regulations to ensure timely submission. We guarantee accurate and complete information flow during the preparation process, minimizing your tax risks.

#### Tax Audits and Risk Management

Through tax audits on your financial statements and tax returns, we identify potential tax risks and propose solutions that enhance compliance with tax regulations. We assist you in resolving issues that arise during tax audits, leveraging our expertise in handling such matters.

#### International Tax Planning

In a globalized world, international tax planning is crucial for businesses operating abroad or investing in foreign markets. We offer solutions that align with international tax regulations to optimize your foreign investments and operations’ tax obligations.

#### Transfer Pricing Advisory

Transfer pricing can be a significant tax issue for multinational companies. We help determine appropriate transfer prices for intra-group transactions and ensure full compliance with related regulations, protecting your business from potential tax disputes.

#### Tax Dispute and Appeal Management

In case of tax disputes with authorities, we professionally manage your appeal processes, providing solutions to minimize tax penalties. We represent you during tax audits and dispute resolutions, ensuring your best interests are safeguarded.

#### Tax Refunds and Adjustments

Timely and accurate tax payments can improve your company’s cash flow. We assist with managing tax refunds and adjustments, ensuring that your business receives the maximum eligible refunds promptly.
